

Week 7: SOP (Standard Operating Procedures) Oral Demonstrations

Class ILO: Deliver clear, sequenced oral instructions for a familiar technical task.

Learning Task: Analyze model SOPs; students choose a procedure; fill in planning worksheet.

Learning Task 2: SOP Dissection Task

Performance Task: Pair rehearsal of spoken SOP using planning worksheet.

Language Focus:

- Imperatives (“Check...,” “Secure...,” “Ensure...”),
- transitions for sequence (“Next,” “Then,” “Finally”),
- avoidance of personal pronouns (“The user must...” instead of “You should...”).

////////////////////////////////////

First Hour

Learning Task: Analyze Real-World SOP Samples

Analyze SOP examples.

Highlight:

- o Section titles (e.g., Purpose, Equipment, Procedure, Safety Notes)
- o Formatting features (bullet points, numbering, diagrams)
- o Common verbs and tone (imperatives, objective language)

Learning Task 2: SOP Dissection Task

In pairs, Complete an SOP structure chart:

- o What information is included in each section?
- o How are instructions presented?
- o How is clarity achieved?

Performance Task (Part 1): Choose a Familiar Engineering Task

Chooses a simple but relevant task (e.g., setting up a test board, cleaning a sensor, measuring resistance) and outline:

- o Task name and purpose
- o Equipment needed
- o 4–6 procedure steps

Second Hour:

Session ILO: Produce a complete SOP draft and revise for clarity, completeness, and formatting accuracy using a checklist.

Learning Task: SOP Clarity Checklist Practice

Performance Task: SOP Drafting and Peer Feedback

Language Focus:

- Instructional tone
- consistent verb tense (present simple)
- safety phrases (“Caution: Do not touch...”)
- technical noun phrases (“multimeter lead,” “vacuum chamber”)

////////////////////////////////////

Learning Task: SOP Clarity Checklist Practice

Instructor introduces a checklist for editing SOPs:

- o Each step begins with a strong verb
- o Logical **step order** and no missing details
- o **Consistent** format and numbering
- o **Clear** description of outcome or checks

→ Use checklist on a short practice SOP and improve clarity.

Performance Task: SOP Drafting and Peer Feedback

Write your full 150–200-word SOP draft (typed or handwritten).
Once complete, exchange with a partner and use the SOP checklist to give targeted written feedback.

Week 8: SOP (Standard Operating Procedures) Oral Demonstrations

Present your SOP to the class.
